HELSINKI
SUMMER SCHOOL

Welcome to Helsinki Summer School, the learning experience of a lifetime!

Helsinki Summer School is a three-week academic event organised every August by the nine universities in the Helsinki area. Each year we give advanced degree students from over 60 countries an unforgettable experience that combines high quality academics with a wide range of cultural and social activities. Our multidisciplinary courses, all of which are taught in English, aim at stimulating thought and intellectual development in an open and diverse environment. At Helsinki Summer School, the rich academic, cultural and social resources of this vibrant city all become part of the classroom experience.

This summer we will be offering sixteen fully credited courses covering a wide range of academic fields - from Customer Equity to Behavioural Sciences and Conceptual History to the Planning and Management of Urban Green Space. All of our courses are designed to challenge and inspire you in any field that holds your interest. In Helsinki, a city known for design, technology and a vibrant cultural life, you'll discover the perfect environment for studying, making new friends and having fun!

Finland is one of the most research-intensive and academically competitive countries in the world. In addition to the courses organised by HSS, Helsinki's universities offer Master's Degree programmes in English in virtually all academic fields. Our courses are the perfect way to get to know Helsinki and the wide range of academic possibilities in the area.

We at Helsinki Summer School look forward to making sure your stay in Helsinki is as rewarding as possible! Welcome!
